Finally, on the Servers tab, you can choose whether to display the version of Windows Servers, their names and whether they will be colored depending on the Domain they belong to. The good thing about ADTD is that it automatically creates the charts of an AD infrastructure in Visio, so you do not have to start creating them from scratch. are selected, and if you want to refresh previously created charts, select Update existing Visio Drawing. Aguarde até que o Drawing complete! Ele abrirá o Visio e você verá a topologia desenhada. Active DirectoryADTDVisioWindows Server 2016 Um exemplo do Exchange 2010 na parte do nó de mailbox, ele traz um desenho da seguinte forma: So, today I wanted to document the Active Directory infrastructure of my homelab in a way that I get a graphical representation of how everything's connected with each other. Apó configurar de acordo com suas necessidades você deve clicar em Discover! e depois em Draw para gerar o desenho no Visio. To give you an example, in the following screenshots, you can see the charts created by the Active Directory environment of my homelab. On the OUs tab, you can set a limit at the level of OUs to be formed and display the names of the GPOs applied to each OU. ADTD.exe é 08C1A96460733C0D82D4FC.exe são os nomes de arquivo mais frequentes para o instalador desse programa. If you are running ADTD for the first time, make sure Draw Domains, Sites, etc. Reasonably, if you consider the tool to be renewed from 2011. Clique nessa opção. Unfortunately, there is no such tool, free or paid, that does the same job as ADTD. Informação atualizada em: jul 26, 2021 Introduzindo Uma das formas de se ter uma documentação do seu domínio Active Directory 2016 com o Active Directory Topology Diagrammer, um componente do Visio, bem útil para aliar a outras documentação da rede. If you know any alternatives, please do tell me. As versões mais baixadas do programa são 2.5, 2.2 e 2.0. Microsoft Active Directory Topology Diagrammer está dentro da categoria Internet & Rede. Now you will be able to view and edit all the charts as you like. The same applies to the DFS-R tab. Assim que instalado você poderá visualizar no start menu a opção Microsoft Active Directory Topology Diagrammer. Preencha o nome do servidor que hospeda o Active Directory no campo Server. Confira mais programas, tais como PRTG Traffic Grapher, FTP Explorer ou Serv-U, que podem ser relacionados a Microsoft Active Directory Topology Diagrammer. Once finished, the button will become gray and the Draw button will be activated, which will give the command to create the charts. Through this, all the necessary information will be collected. As stated in Microsoft's description on the tool download page, ADTD connects to the Active Directory through LDAP and then creates the topology of the Active Directory and/or Exchange Server infrastructure. A instalação do aplicativo é simples e rápida, você apenas tem que aceitar a licença e escolher o local de instalação. Additionally, you can view and change the storage location of the Visio diagrams that will be created through the options pane found on the Tools - Options menu. Charts include domains, sites, OUs, DFS-R, etc., and can be modified through Microsoft Visio. Nosso antivírus examinou esse download e o avaliou como livre de vírus. Then, wait until the process is complete and Visio automatically opens. The bad thing is that on the computer running ADTD it is necessary that Visio is installed. Esse software para PC foi desenvolvido para funcionar em Windows XP, Windows Vista, Windows 7, Windows 8 ou Windows 10 e é compatível com sistemas de 32-bit. Active Directory Topology Diagrammer settings Initially, at the top of the application, you will need to type the name of a DC or GC Server infrastructure. However, it works well to some extent with today's versions of Windows Server. Let's look in more detail at the available settings and charts created by the Active Directory Topology Diagrammer (ADTD). O desenvolvedor do programa é Microsoft. Since we are talking about the settings, clicking on File and then Properties will display the basic settings window for the charts, ie their title, author, and theme. Also, when creating the charts in Visio, I stumbled upon an error, but fortunately it was solved quickly. Note that although most information is accurate, Domain and Forest's Functional Levels are wrong. On the Domains tab, you can choose to create a chart for trusted domains as well as the number of users for each domain. Você tem também a opção de OUs para gerar um desenho detalhado de todas as unidades organizacionais, mas já adianto que se você tiver muitas OUs irá gerar um desenho bem extenso. In this process, I found the free Active Directory Topology Diagrammer (ADTD) tool which you can download it here. Você deve preencher com os dados do seu domínio e clicar em Discover! Then, in the following tabs, you will need to select the settings you want to be printed on Visio charts. On the Sites tab, select whether or not Site Links, Subnets, Blank Sites, and all possible Links for Sites with more than 2 are displayed. Not just a Visio Viewer, the full version of Visio.
