Then you are here: look for open questions and take one or the other. Sure, pick up your 4P hits again! The top 5 responses from the current and last week: 17.11.2008 - Application for z\_to\_z patch non-cut for the German version Hello People I have now brought the German version now because I had heard that it would have a co-owner uncut Patch ... The zombie maps of the English version are also integrated into the game through the uncut patch. The full patch (3.5 GB) will not be available, for example: PHP? Catid = 97 & Stord = n & pp = 10 Instructions on how to install it here: 1. Uncutpatch (files from, not folder) Only individual files are not folders !!! 2. Then, the complete game Ã¢ uncut. Known issues: Unfortunately, occasionally they occur after the TextUtoFinder patch is installed and at least one type of flag remains cut. Patch 1.1 (optional) But only when Uncutpatch Ã¢ Joa then everything should be clear. Thanks for more! in our forum in the contribution of Berbel Anders can not realize the German edition! In addition, no German subtitles are available longer! and some mission texts are in English. You should with patch 1.2 or again and again, here in the suggestion channel you will find large competitions, for which you automatically qualify with significant questions. I already have download well now and but somehow get the directory not installed properly / in the cod5 directory !! It'll be square vt. The uncut patch assumes the game is in version 1.7 !Ã¢ has been successfully tested with both the retail and German steam versions.
